

Priority Plus Service-

Keep your family comfortable all year long!

When you enroll in one of Air Group's Priority Plus service plans, you are doing everything you can to keep both your heating and cooling systems operating at peak efficiency while also protecting yourself and your family against expensive, unforeseen repairs. As a Priority Plus member, you will: significantly reduce the chance of a major system breakdown, lower your heating and cooling costs by as much as 10%, receive the best warranty protection in the industry and receive major discounts and loyalty credits.

Use your Loyalty Credits for discounts on equipment

Every year in which you renew your service plan, you receive \$50 in loyalty credits. Use them any time you wish to offset the cost of new equipment, or hold onto the credits and accrue them to get equipment for **FREE!**

PRIDE & HERITAGE: Family-owned & operated since 1965

EXPERTLY TRAINED TECHNICIANS: Knowledgeable about the latest technologies

RELIABLE: On time, courteous service

SUMMER

FALL

Indoor Air Quality

eliminates dry air

Whole-house humidifiers add needed moisture to indoor air. They're safe, efficient and automatic.

FREE with \$830 in Loyalty Credits

destroy germs & mold

Carrier's Ultraviolet Air Treatment System kills germs and prevents mold from growing in ductwork and on a/c coils.

FREE with \$665 in Loyalty Credits

capture dust particles

High-efficiency air cleaners can remove up to 94% of airborne particles.

STARTS at \$800

*Prices vary based on installation requirements

keep your air fresh & clean

Recommended for tightly sealed homes. A heat recovery ventilator automatically removes stale indoor air and replaces it with fresh air from the outside.

STARTS at \$2,100

*Prices vary based on installation requirements

Thermostats & Water Products

simple to set

No owner's manual is needed for this easy-to-use VisionPro thermostat from Honeywell. This smart unit responds to your choices for optimal comfort and savings.

FREE with \$295 in Loyalty Credits

pure water

Install a water purification system in your home today. You'll save money, have pure drinking water, and less to throw in your recycling bin.

Prices vary depending on model. Please call for details.

Hot Water Heaters

hot water on demand

Installing a new, energy-efficient hot water heater in your home today ensures you will be getting hot water on demand while saving you money.

Prices vary depending on model. Please call for details.

Heating & Cooling

efficient and pure

The Carrier Infinity Air Conditioning and Infinity Gas Furnace have one of the highest SEER* and AFUE ratings available. Both can help cut your heating and air conditioning bills significantly.

Prices vary depending on model. Please call for details.

*Seasonal Energy Efficiency Ratio

Double your credits

Need a few more credits to help you buy a piece of equipment you want or need? Purchase a service plan for the next two years and we'll double your Loyalty Credits from \$100 to \$200.
